Partner at Triumvir Law with 13+ years across international arbitration, commercial and tax litigation, PE/VC, and infrastructure. Author of Goo, Triumvir's in-house AI research tool, and developer of Lex-Ex, a Linux distribution for lawyers and SourceForge Rising Star. Recommended Lawyer by The Legal 500 and on IBLJ's 40 Future Legal Leaders in India. I bring a litigator's rigour and a builder's instinct, turning complex legal problems into clear strategy while turning bottlenecks into tools.
